4 System grouping	
6,504 systems	
from the 7,085 included papers	
<i>merged on a shared repository, or on equal names where a repository is missing; the census is the sampling frame</i>	

5 Stratified coding frame	
1,234 drawn	
H 984 of 984	w 1
P 150 of 683	w 4.55
O 100 of 4,837	w 48.37
<i>H: ≥ 500 stars, catalogued or vendor, coded in full; P peer-reviewed and O the rest, sampled; w = inverse inclusion probability</i>
